Either save and return to the application when you have the needed information or complete the information and click **Submit**.

A word of caution: Your application is not complete without the submission of at least one letter of recommendation from a teacher, coach, advisor, employer or other non-family reference. You can submit the application without any letter attached, but if the Community Foundation of Shelby County does not have a recommendation letter by the application deadline, your application will not be considered for scholarships.

You have three options to submit a letter of recommendation:

1. Attach a letter to your application by uploading it. (shown on the screenshot above)
2. You or your recommender can mail, email or deliver a letter to the Community Foundation by the deadline. We will attach the letter to your application.
3. You can enter a recommender's email address and the online application system will automatically send an email requesting a letter of recommendation.

We encourage you to have more than one recommendation in case one of your recommenders fails to submit by the deadline. It is your responsibility to ensure there is at least one letter submitted. Letters can give information about you that might not be obvious on your application. Besides, one of your recommendation letters might appeal to the scholarship selection committee and it might tip the decision in your favor!
